

# Liste von Sammler-Signaturen

Autor: Georg E. Probst (georgske)

---

Stand: 25.04.2022 - 1000 Datensätze

Dies ist ein Verzeichnis von Sammler-Signaturen in alphabetischer Reihenfolge. Dargestellt sind Scans von handschriftlichen Sammlernamen auf Herbaretiketten aus verschiedenen Herbonauten-Missionen des BGBM (Botanischer Garten und Botanisches Museum Berlin).

Das Verzeichnis wird von dem Herbonauten Georg E. Probst parallel zu mehreren Herbonauten-Missionen geführt und von diesem ständig erweitert.

Lebensdaten und volle Namen der botanischen Sammler bzw. Bestimmer wurden, soweit mit einfachen Recherchen auffindbar, u.a. aus verfügbaren Datenquellen im Internet entnommen.

Zur Verifizierung und zur weitergehenden Information sind diese Datensätze mit einer entsprechenden Quelle verlinkt.

Oft sind Daten der Personen mit einfacher Recherche nicht zu finden bzw. zu verifizieren. Ist dies der Fall, wurde das Sammlerdatum des BGBM-Belegs eingetragen (Legit), daher gibt es keine entsprechenden Links in der rechten Spalte.

Die Länder in denen die genannten Botanikerinnen und Botaniker gesammelt haben sind ebenfalls aus BGBM-Belegen entnommen, bzw. in manchen Fällen mit Informationen aus dem Internet ergänzt - jedoch ohne Anspruch auf Vollständigkeit!

Es handelt es sich hier nicht um durchgehend verifizierte Autographen der Personen, sondern auch oftmals um die Handschrift von anderen Botanikern, Herbarbesitzern oder Institutsmitarbeiterinnen und -mitarbeitern, die das Etikett beschriftet bzw. neu erstellt haben. Deshalb sind bei zahlreichen Sammlern verschiedene oder ähnliche Handschriften zum Vergleich dargestellt.

Übernommen wurden alle handschriftlich vermerkten Namen ohne eine Wertung bzw. eine Auswahl zu treffen. Das wäre auch schwierig, bei der enormen Anzahl von botanischen Sammlerinnen und Sammlern bzw. Bestimmerinnen und Bestimmern.

Einzelne gesicherte Autographen wurden aus externen Quellen entnommen. Diese sind mit einer Quellenangabe bzw. einem Link versehen.

Anlass für das Anlegen dieser Datenbank war u. a., falsche Lesarten von einmal verifizierten Sammlersignaturen zu vermeiden bzw. abzugleichen und korrigieren zu können.

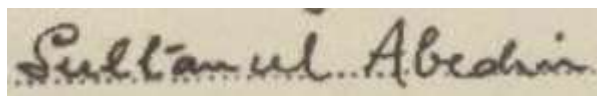

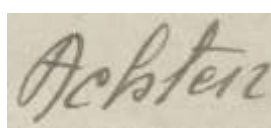

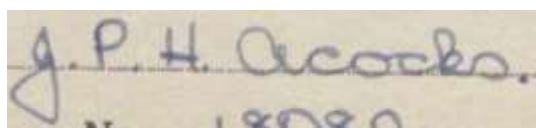

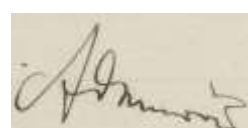

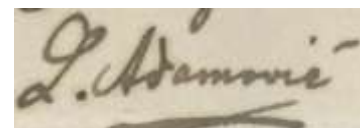

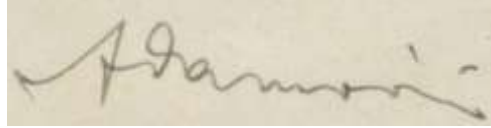

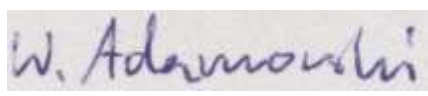

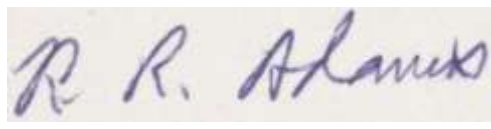

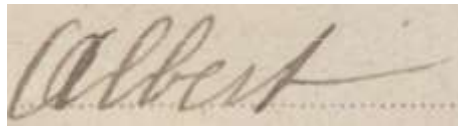

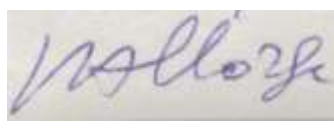

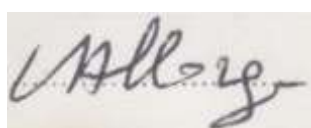

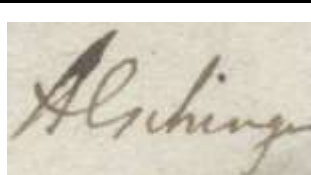

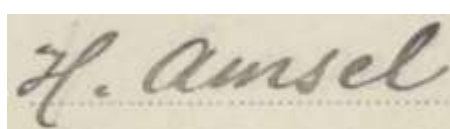

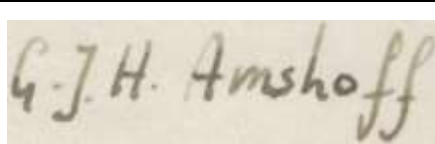

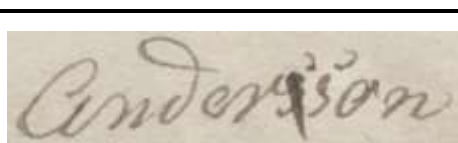

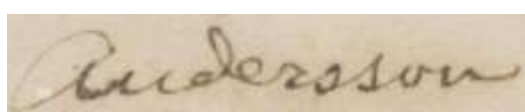

Sollten Sie Fragen, Anregungen, Korrekturen und Hinweise zu dieser Liste haben oder zur Ergänzung von Namen und Lebensdaten oder Verlinkungen zu externen Quellen beitragen können, würden wir uns darüber freuen.

Wenden Sie sich dazu gerne an das Herbonauten-Team unter [herbonauten@bgbm.org](mailto:herbonauten@bgbm.org).
